

USNA-APPROVED Internships for Summer 2012 (as of 12 Dec 2011)

NOTES: (a) "ELIGIBLE for Training Credit?" is NOT a guarantee. An approved internship is *eligible* to be scheduled by the Training Office for professional training event (PTE) credit if all organic USNA training requirements (Plebe Detail, Weapons Detail, Summer Seminar, STEM Camp, etc.) have been completely and properly staffed.

- (b) Scheduling an internship is a lower priority than scheduling mandatory fleet cruises and mandatory training (such as Leatherneck).
- (c) Internship travel will be conducted while on official travel orders.
- (d) Leatherneck (LN) training will be Block 1 ONLY.
- (e) The "citizenship" column indicates which internships require U.S. citizenship and which are open to USNA Foreign National (FN) midshipmen.
