NASP personnel shall not observe Fourth class meal formations and they shall avoid the area in King Hall used by the Fourth Class Regiment. Non-detail midshipmen are prohibited from visiting fourth Class Regiment areas. Fourth Class Midshipmen will not enter the NASP area unless escorted by a first class assigned to Plebe Detail. The upper classes will be visible to the Fourth Class Regiment on the Yard. **Midshipmen, as representatives of the Brigade, will display and conduct themselves professionally at all times in order to set the example for the incoming class.**

While in a transient status, all Midshipmen must conform to the routine of the day unless the NASP OIC specifically grants written permission to the contrary. All midshipmen with pending honor or conduct actions or who are in a "separation pending" status must be berthed by NASP. Transient personnel may be assigned to work details and watches.

806. VEHICLES. NASP will enforce the standard midshipmen parking and motor vehicle regulations throughout the summer.

807. PHYSICAL EDUCATION DEFICIENCIES. NASP will work closely with PE this summer. As part of each midshipman's NAPS check-in process, all hands must check with their Summer Program Company Officer to determine if they have any current P.E. deficiencies. Anyone deficient in the Physical Readiness Test (PRT) or any other PE class (to include swimming, boxing, wrestling, or judo), must report to the Marking Officer immediately to arrange testing. Exceptions to this requirement will only be made for those individuals who have a valid medical excuse chit.

808. COMPUTER STORAGE.

1. Midshipmen needing their computer for summer school (Summer School, NASS) should not store it with the rest of their parent company. NASP will have very limited storage spaces, therefore all midshipmen assigned to summer school are highly encouraged to find storage for their computers outside of Bancroft Hall or to take advantage of storage provided by the Bancroft Hall 1st LT.

2. All computers stored must be boxed, taped shut, and clearly marked on all sides as follows:

NAME
ALPHA
SUMMER COMPANY
EQUIPMENT SERIAL NUMBER

g. Requested leave dates. Not more than three weeks of leave will be granted during the summer for any delayed graduate, regardless of planned graduation date. For August graduates, leave must support completing all graduation requirements at least 10 working days prior to graduation. All August graduates will return from leave no later than 10 working days prior to the August graduation date.

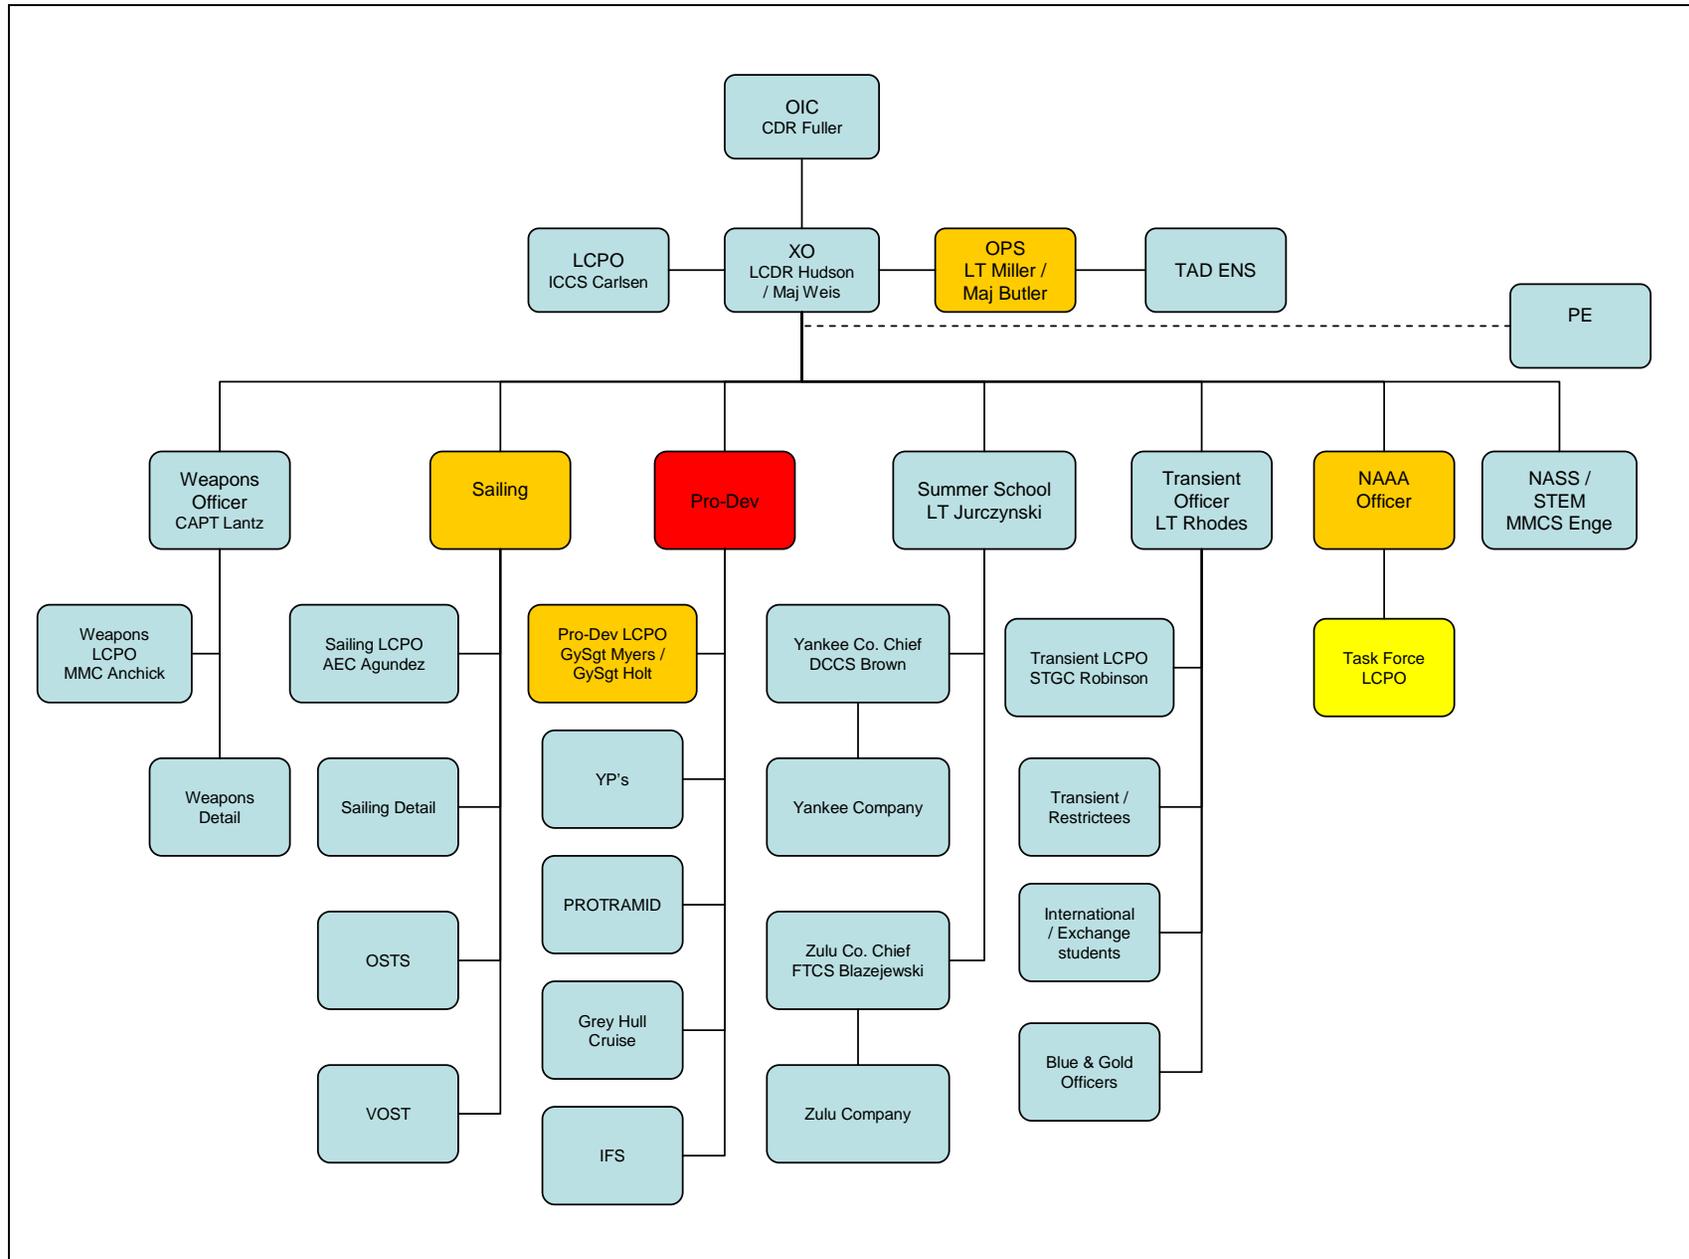

3. Company and Battalion Officers will ensure these plans provide sufficient detail so that NASP staff can adequately monitor and guide these midshipmen. The summer period is short and the NASP staff must rapidly become acquainted with these midshipmen, especially where extra attention and leadership is required to ensure success.

810. MIDSHIPMEN MEDICALLY EXCUSED FROM PROFESSIONAL TRAINING

1. When a midshipman must be excused from professional training because of a medical condition, PROPROGS will endeavor to assign the midshipmen to alternate training or an internship that is compatible with the medical condition.

2. Midshipmen who must remain at the Naval Academy for physical therapy will be assigned to a division at the Naval Academy. Their assignment would preferably be to assist in a professional or character development program.

3. Medically excused midshipmen normally will be afforded one block of leave compatible with their medical condition. In some cases, where medical rehabilitation is extensive and prohibits participation in a normal work environment, extended convalescent leave may be authorized by the NASP OIC.
