

6 Dec 2011

MEMORANDUM

From: Performance Officer
To: Commandant of Midshipmen, United States Naval Academy
Via: Deputy Commandant *Q. Powell*
Subj: RECOMMENDED CHANGE 1 TO BRIGADE STRIPER ORGANIZATION AND SELECTION PROCEDURES (COMDTMIDNINST 1601.12C)
Encl: (1) Current pages of COMDTMIDNINST 1601.12C
(2) Revised pages of COMDTMIDNINST 1601.12C

1. Background. The new version of subject instruction was recently promulgated after being signed into effect by the Commandant. This current version incorporates changes which were catalyzed by a wide array of inputs and, in many instances, wholesale restructuring of functional organizations.

2. Discussion. Feedback following the release of the subject instruction has indicated a small number of minor inaccuracies, exclusions and now-defunct inclusions within the body of the document. These errors are described below along with their corresponding recommended corrections.

3. Recommendation. Recommend that the pages included as enclosure (1) be replaced with the pages included as enclosure (2). Change 1 recommendations are as follows:

a. Brigade SHAPE Program Operations Officer be added to the table in Chapter 2 as a Midshipman Lieutenant Junior Grade (the position was properly included in the Table of Contents and the job description was accurately provided within the original document; the job title was simply missing from the table).

b. Number of Varsity Athletic Team Captains be changed from 28 to 34 within the table in Chapter 2.

c. Brigade and Regimental AT/FP positions be indicated as year-long billets in the table in Chapter 2.

d. Brigade Assistant Protocol Officers been deleted from the table in Chapter 2.

4. Point of contact for any questions is Major Wells at 3-7022.

T. B. WELLS
