### **Caldwell's Policy:**

Homework is due at the beginning of class the following lecture day after it was assigned. No homework due on lab days. If you fail to turn in HW on the day it is due, then you get a zero. The HW grade is calculated as such: The total number of homework assignments completed is divided by the total number of homework assignments in the syllabus.

Homework is graded on **effort**, not accuracy, so get it done! It is an easy "A" for 5 percent of your grade!

IF YOU MISS A GRADED EVENT **WITHOUT** INFORMING ME BEFORE HAND, THEN YOU RECEIVE A ZERO REGARDLESS OF THE PRIORITY OF THE MO! The only reasonable excuse for missing a graded event without prior coordination with me is hospitalization, not a relative, but yours!
