

EE322 Fall 2012 Homework Problem Set 26 (PS26)

Show your work!!! Use Fourier tables/properties, but show how you arrived at your answer!

1. Text, Problem 10-16 (b).
2. Text, Problem 10-17 (a).
3. Text, Problem 10-44(b), E, G. These problems are on the top of page 388. Given the Fourier transforms in the right column, find the corresponding time signals in the left column.
4. Text, Problem 10-48.
