Peer Evaluation Form**

You are all familiar with peer evaluations from life in Bancroft Hall. It is a fact that in many professional settings both your peers and your supervisors are likely to evaluate your performance. A peer evaluation form is a part of EE414, too. You are responsible to your design teammates for completing any design tasks you have been assigned. Please give a candid evaluation below of each of your design team members—including yourself—by filling in the table below. Use a scale of 0 (extremely poor) to 4 (excellent) for your evaluation. This is not a time to give people the benefit of the doubt or to save your shipmate from their self-inflicted wounds. Be as accurate (and fair) as you possibly can. *This information will be held in strict confidence and will only be seen by faculty members.*
