- USNA Officers' & Faculty Club

**Please remember parking spaces are limited, so
CARPOOLING IS ENCOURAGED.**

President's Message

Late summer greetings to everyone!

As we head into the final month of summer, I know that many of us are looking forward to some cooler temperatures and less humidity. It has been a challenging summer for everyone, especially with some of our local storms. Autumn brings thoughts of seasonal changes, back to school, football and tailgating season, and opportunities to meet again with NAWC friends in a wide variety of programs and activities.

Your board met recently and there was a great deal of enthusiasm and excitement for the new programs, speakers, craft sessions and fundraisers being planned for the year. Many of the officers, committee chairs and committees have been meeting this summer to plan the calendar through next May. Everyone is open to new ideas. Please feel free to contact me or any of the others on our roster if you would like to make a suggestion.

Plans are in full swing for the annual "Welcome Coffee" hosted by our Honorary President, Barbara Miller, from 9:30 to 11:30 a.m. at the Buchanan House on Wednesday, September 19th. The Superintendent will be joining us. The board hopes that you will join us for this opportunity to socialize with other members and learn about the many services and activities available here at USNA and in the surrounding community. Please think of someone you might invite as a guest - perhaps you know someone new to the area or someone who has never joined in the past or would like to rejoin.

I am looking forward to seeing you next month. I know many of you are headed to Dublin for the Navy-Notre Dame football game over the Labor Day weekend. Wishing you safe travel and looking forward to hearing about your adventures.

Best wishes,
Barbara

Our deepest condolences to . . .

. . . Bonnie Hitzelberger
and her family and friends on the
loss of her husband, Dan, who
passed away July 10, 2012.

Please RSVP by Wednesday, September 12, 2012

**Naval Academy Garden
Club News**

The Naval Academy Garden Club will meet Tuesday, September 18, at St. Margaret's Episcopal Church, 1601 Pleasant Plains Road, Annapolis, 21409.

Fall meetings will be held at this location pending reopening of the Naval Academy Club. A social time starts at 9:30 and the meeting begins at 10 a.m. The program will be devoted to information regarding Goshen Farm, an area of land that is an important part of the history of Cape St. Claire, the Broadneck Peninsula and Anne Arundel County. This property is located near the garden club meeting site and is one of the few examples left of a colonial farm in the county. The speaker will advise the club of the Goshen Farm restoration project and will conduct a tour of the grounds following the meeting for all who are interested.

No RSVP is necessary, and there is no fee to attend.
Plenty of parking is available.
Guests are welcome.

For information call **Renee Little at 410-268-4934.**

Maryland Gazette

NAWC's Local Community Support

Dear NAWC,

Once again, a huge thank you from myself and the Faye Daniel Summer Science students!!! We had another very successful summer which could **NOT** have taken place without your generous donation.

In partnership with the Annapolis Parks and Recreation, we ran 5 STEM (science, technology, engineering and math) camps for over 125 elementary age Annapolis students. This year we also added a middle school camp at the Stanton Center where students learned to build and program NXT Lego robots donated by the Naval Academy. All students at all sites were exposed to the wonders of science and engineering with fun, hands on experiments and the construction of Sea Perch underwater robots.

None of this could have happened without your grant. Thank you so much once again!!!

Sharon Disher

Students building their robots.

Parachute fun!

Displaying their NTX robots.

Journaling her observations on her GI Joe parachute.

*** Editor's note ***

For those of you who might not know, the summer camp is named for and in memory of Faye Daniel, former principal of Tyler Heights Elementary School until her illness and death in 2010.

The Faye Daniel Summer Science Camp (FDSSC) is designed to enhance academic tasks, following directions and the use of critical thinking. Students are encouraged to learn about STEM – the fields of science, technology, engineering and math. NAWC has been an ongoing sponsor of the camp along with LET'S GO Boys & Girls, and USNA.

** * * NAWC's Scholarship Fund provided the \$4800 donation which allowed these children to attend this amazing STEM program. * * **
