Major - Declare

One of the most important decisions you will make while at the Naval Academy is the selection of your major. Make this choice with great care; it will have a significant effect on your future.

It may not be possible for you to be assigned to your first choice because of the needs of the Naval Service or limited resources available at the Naval Academy.

Three preliminary majors must be selected. At least one of these MUST be a major in Science, Technology, Engineering, or Mathematics (STEM). Once the declared majors are inserted, no changes can be made.
