Academic Advising & Registration
Class of 2025
Welcome!

• Introductions

• Assoc. Professor Jeremy Dawkins

• LCDR Sara Pulliam

• Assoc. Professor Joseph Lomax
Goals for Today

- Learn about your fall semester schedules
- Review Key Academic Dates
- Introduce the Midshipman Information System
- Discuss academic expectations
- Review strategies for academic success
- Discuss where to go for help
- Closing Thoughts
- Questions

Midn may also see an XS, XX, XP, or XM course in their daily schedule.

XS and XX blockers are supplemental instruction courses and will be discussed later in this brief.

XP designators are time blockers for an approved sport or ECA.

XM100 is a music blocker.

Please notify your adviser if you believe that you’ve been incorrectly assigned a blocker.

**Guideline:**
2 hours for each hour in class.

**How many hours should I be studying?**

**19 hours in class. Need ~ 38 study hours.**

**Will there be competition for my time?**

- **Free Periods** (10 hrs)
- **Study Pds** (18 hrs)
- **Weekends** (10 hrs)
Key upcoming Academic Dates

Sept. 17th - 18th. Plebe preregistration. **MANDATORY.** You MUST speak with your academic adviser before you preregister. **RED FLAG! DO NOT** check the box in the MIDS system to indicate that you have spoken with your adviser about pre-registration if you have not.

**Sept. 28th - Oct 23rd. Plebe Majors Tours. MANDATORY.** Plebe Major Tours are briefs given by the senior academic faculty and department heads on all available majors here at the Naval Academy.

- USNA has 25 Majors (41 including honors or different tracks), across three academic divisions, and these briefs were mandated to ensure that Plebe’s have a full understanding of all academic majors prior to engaging in major selection during the spring semester. The briefs are held from 1915 to 2000 and a good portion of the faculty will participate in these briefs. **IMPORTANT** because it is inherently difficult to change majors and remain on the 4-year graduation timeline.

**Sept 21st - 25th. Academic Reserve.** You can not start your USNA experience wasting time. Your first exams come quickly.

**Oct 1st. MAPRs published.** Midshipman Academic Progress Reports are faculty reviews of your progress to date. They are required for any course in which you are earning a “D” or “F” at six-week grades. Your company staff and academic adviser will review MAPRS with you.

Privacy & Security Notice
What can I use MIDS for?

• Pre-register and register for classes
• Get your class schedule
• Get your professors’ schedules
• Get final exam schedules
• Query grades and other academic info
• Provide excuses for absences
• Compare matrices for majors
• Read MAPRs ... and more!
See Your Schedule in MIDS

Warning: For security purposes, please exit the browser when PC is unattended.

- Matrices - Query Major Requirements
- Midshipmen - Query Photos
- Schedules - Query Midshipmen Schedule
- Schedules - Query Potential Midshipmen Schedules
- Summer Training - Query Training Schedules
- USNA Programs - Query Midshipmen

Web User: JWATERS (Jennifer K. Waters / 4102931581 / ACADEMIC DEAN AND PROVOST OFFICE)
Last Revision Date: April 30, 2013
Caution

• Schedules can change right up to the first day of classes

• Use MIDS to check your schedule just before classes begin – With over 3 weeks to go, your schedules WILL LIKELY change!

• Do NOT discard the WebAssign and OWL cards from your Calculus and Chem Books
• Reminder: You are expected to be professional toward and responsive to faculty members.

• **Courteous** in Addressing Faculty members
  – Military and Civilian Faculty
  – Address Faculty by their appropriate title –
    *avoid* generic “Mr.”/”Mrs.”/”Ms.”
      • “Prof”/”Professor” – Assistant/Associate/Full Professors
      • “Dean” – Assistant/Associate/Academic Dean & Provost
      • Military Titles
Academic Expectations

• Effort
  – Be prepared for class (read ahead)
  – Turn in quality work (neat and on time)
  – Show interest (even if it may be difficult)
  – Show respect to professor and classmates

• Communication
  – About how to make up missed work
  – About what to do when you need help
Academic Expectations

• On the first day of class, most faculty members will tell you specific expectations

• Pay attention to stated preferences, pet peeves, etc.

• *Read each Course Policy Statement* for information on:
  – Course objectives, requirements, etc.
  – Homework Policy
  – Test Policy
  – Grading Policy
Academics at USNA will likely differ from your previous experience(s)

- More competition for your time
- Faster pace
- Higher expectations
  - Analytical or critical thinking skills
  - Writing skills
  - Mathematical skills
- Greater personal responsibility
  - More time between quizzes or major assignments
  - Faculty members expect you to be responsible
Tips for Success at USNA

1. Prioritize your time. Incorporate sleep and rest so that you’re prepared to be in class.
2. Sit in the front row and participate in class.
3. Start working hard the very first day. Don't fall behind.
4. Stay awake. Stand if necessary.
5. Review all the assignments before going to class; skim for major points then read for details.
6. Make sure you grasp basic concepts as you go along. Ask questions about what you don't understand.
7. Learn from questions asked by others.
8. Take good notes in class. Class notes help you understand what the professor wants. Copy down problem types and examples given in class.
9. Organize your notes as soon as possible after class. Fill in the blanks.
10. Arrange for extra instruction (EI) if you start falling behind or, as you become confused. Go at the first sign of difficulty.
11. Study and review. Begin your review for exams at least one week before the exam date.
Technical/Problem Solving Courses

• Calculus, Chemistry, Physics, Navigation....

• Rule 1: Always do your class assignments
  - Many students don’t want to practice; they just want to perform. Our most successful students want to practice a hundred times before their performance is evaluated.

• Rule 2: Be an active Participant during class

When all else fails, see Rule 1
Non-Technical Courses

- History, Political Science, English, Leadership, Ethics, Naval Science

- SQ3R System
  - Survey
  - Question
  - Read
  - Recite
  - Review

Repeat
• START EARLY — as soon as you think you need it.
  – Remember, you attend college to learn. Seeking assistance is NOT a knock on your intelligence, personality, or character.
  – In fact, why waste time proving over and over again how great you are, when you could be getting better? Why hide academic challenges instead of overcoming them?

• EI — The first resort! Call, email or visit your professor.

• Department Resources:
  – Speak to your Math instructor about Math Lab
  – Writing Center: Nimitz Library
1963 Center for Academic Excellence:

- **Applications of Learning Theory (XX104).** Broad review of student success strategies. Students are also linked with a Co. Academic Mentor to focus on what works well here at USNA.

- **Supplementary Assistance Classes.** Cyber (XS110), Chem (XS111), Calc 1 (XS121), Calc 2 (XS122), Calc III (XS221, XS223), Physics (XS211)

- Evening Tutoring

Additional Support:

- MGSP — Group Study led by a mid. A process, not a quick fix.
- Chaplains, MDC, Medical
- Ask other mids — But don’t just copy their work.

**KEY POINT** - At USNA supplementary instruction does not relate to how smart you are, or how well we predict you’ll perform here, it only relates to how practiced you are in a certain area. **USNA is about becoming, not being.**
Apologies for not addressing this during the AAOs

It is possible to join the Medical Corps route right out of the academy.

Students can send questions about the medical / dental program to Professor Chris Kinter (kinter@usna.edu) or Professor Brian Rehill (rehill@usna.edu).

It’s also useful to note that they support Naval Academy graduates who decide to go to medical or dental school after some time in other service communities.
• Okay, classes begin 19 August
• This is your college education
• You will need to work hard but you can and will succeed
• Your instructors are pulling for you
• Get organized, challenge yourself and have some fun!
