USNA INSTRUCTION 1020.7

From: Superintendent, U.S. Naval Academy

Subj: STANDARDS AND POLICY FOR THE PROPER WEAR OF THE NAVY WORKING UNIFORM

Ref: (a) NAVADMIN 366/11
(b) NAVADMIN 174/16
(c) USNAINST 1020.6A

1. Purpose. To define clear standards for the proper wear of the Navy Working Uniform (NWU) at the United States Naval Academy (USNA).
2. Background. References (a) and (b) announce the final design approval of NWU Type I/III and policy updates for all NWUs including limitations for wear within the National Capital Region (NCR).
3. Scope and Applicability. All personnel assigned to USNA shall familiarize themselves with current uniform regulations and policies.
4. Policy. Personnel assigned to USNA and supporting activities will follow reference (a) requirements for wearing NWUs while at USNA, surrounding facilities, and in the city of Annapolis.
5. Occasions For Wear. The NWU Type I is authorized for wear per reference (b); the NWU Type III may now be prescribed as an optional uniform. Per current regulations, the Type I must be worn for formations and other such events where a uniform appearance of the unit is essential to an evolution; however, for daily work the Type III may be worn. Per reference (b), the black boot will be the only approved footwear and the corresponding black fleece may be worn as an outer garment.
 - a. For those Sailors who have served in a community that primarily wears the Type III and has been issued that uniform, or have been attached to a Naval Special Warfare/Expeditionary Warfare or overseas assigned unit (such as CENTCOM) where the brown boot and corresponding brown fleece were issued, they may continue to wear the brown boot and fleece until the NWU Type III reaches full implementation in October 2019.
 - b. The ball cap, where authorized (see reference (c) for details), will match the boot color: blue with black boots, brown with brown boots.

The Command Master Chief will review this instruction annually on the anniversary of the effective date to ensure applicability, currency, and consistency with Federal, DoD, SECNAV, and Navy policy and statutory authority using OPNAV 5215/40 Review of Instruction. This instruction will automatically expire five years after the effective date unless reissued or otherwise canceled prior to the five-year anniversary date, or an extension has been granted.
