SUMMER STEM

The United States Naval Academy Summer STEM program is designed to encourage rising 9th-11th graders to pursue a course of study in science, technology, engineering and mathematics.

For one week, campers will create, build, and explore in world-class lab facilities and experience real-life application and learning at one of the Top 5 “Best Undergraduate Engineering Programs” in the country, as ranked by U.S. News and World Report.

*Scholarships available based on financial need
