2. All uniforms requiring proper fit will be inspected by the Company Officer or their representative before final acceptance of the original outfit by midshipmen. Uniform articles will not be marked or stenciled before this inspection. The Uniform Store will not exchange marked or stenciled uniforms.
3. Various mandatory issues of uniforms will be conducted for midshipmen throughout their four years to ensure a sharpness of uniform appearance is maintained.

1102. REPLACEMENT AND MAINTENANCE OF UNIFORMS

1. Midshipmen shall purchase all uniform articles from the USNA Uniform Store or Midshipmen's Store. When access to the stores is unavailable (e.g., summer training), midshipmen are authorized to purchase uniform items from an authorized U.S. Navy vendor such as the Navy Exchange.
2. Unit Commanders and/or Company Officers/Senior Enlisted Leaders shall inspect uniforms of the midshipmen in their Companies for fit, quantity, condition, and legibility of markings. Uniforms that are excessively worn shall be replaced. **Midshipmen are financially responsible for replacing worn or damaged uniform items outside of normal uniform issue periods.** Repairing, striping, or altering uniforms will be done by the Midshipmen Tailor Shop or a specified contracted vendor. A midshipman may utilize an alternative U.S. Navy authorized tailor with Company Officer or Senior Enlisted Leader (SEL) approval.

1103. DISPOSAL OF UNIFORMS

1. Exchange of uniforms between midshipmen either by trade or sale is prohibited unless special request approval is obtained from the Company Officer.

3. Blouse, NWU Type III

- a. Authorized Wear. NWU Blouse is intended to be worn with the trousers at all times. Unit commanders are authorized to modify uniform for specific physical training evolutions. When transiting between evolutions, midshipmen shall remain bloused.
- b. Correct Wear. Normal wear of the NWU blouse is outside the waistband of the NWU trousers. Sleeves may be worn rolled up as directed by appropriate authority. When authorized, NWU sleeves will be rolled (cuff right-side out) forming a 3-inch wide band covered by the cuff of the shirt (the outside digital camouflage pattern of the NWU will show). The termination point of the roll is approximately 2 inches above the elbow. This manner of sleeve roll presents a short sleeve appearance and facilitates expeditious unrolling and fastening during emergent situations. All closures shall be secured with sewn buttons through holes.

4. Boot, Combat, Black

Clean and blackened combat black boots are an authorized optional item for wear in NWU Type III when transiting to and from class and other occasions as authorized. Wear ribbons without spaces between ribbons or rows of ribbons. Wear ribbons with the lower edge of the bottom row centered 1/4 inch above the left breast pocket and parallel to the deck. To prevent coat lapels from covering ribbons, ribbons may be aligned so the border to wearer's left is aligned with left side of pocket. Rows of ribbons where more than 50% of the ribbon is covered by the coat lapel may contain two ribbons each and be aligned with left border.

(1) Placement on Ribbon Bar. Ribbons shall be arranged on a bar(s) and attached to uniforms. Ribbons shall not be impregnated with preservatives which change their appearance,

The bar measures 4-1/8 inches wide, and each row of medals is 3-1/4 inches long from top of the suspension ribbons to bottom of medals, so that bottom of medals dress in a horizontal line. Multiple rows of medals should be grouped with the same number of medals in each row, with the lesser number in the top row if necessary. A maximum of three medals may be worn side by side in a single row with no overlap. Arrange four or more medals (maximum of five in a single row) following the layout in Table 3-1. Overlapping shall be proportional and the inboard medal shall be shown in full. Mount the medals so they cover the suspension ribbons of the medals below.

On blue and white service coats, center the holding bar 1/4 inch above the left breast pocket parallel to the deck. On blue and white coats, center the holding bar 1/4 inch above the left pocket flap parallel to the deck.

b. Arrangement. Wear up to five miniature medals in a row with no overlap. Arrange six or more miniature medals following the layout in Table 3-1. Arrange medals in order of precedence in rows from top down, inboard to outboard, within rows. Service members possessing five or more medals may either wear the five senior medals or all of them. Midshipmen of each class may, during their Second Class year, purchase a class ring. This ring will be designed and contracted by the Class Ring and Crest Committee. The policy set forth below will govern an individual's right to obtain and wear a class ring.

CHAPTER 5**GROOMING STANDARDS****5101. GENERAL INFORMATION**

1. General. The primary consideration is to have a neatly groomed appearance while wearing Navy uniforms. Grooming standards are based on several elements including neatness, cleanliness, safety, military image, and appearance. The standards established are not intended to be overly restrictive nor are they designed to isolate midshipmen from society. The limits set forth are reasonable, enforceable, hygienic and ensure the personal appearance contributes to a favorable military image. The difference between men's and women's grooming policies recognizes the difference between the sexes; sideburns for men, different hairstyles and cosmetics for women. Establishing identical grooming and personal appearance standards for men and women would not be in the Naval Academy and Naval Service's best interests and is not a factor in the assurance of equal opportunity.

2. Smartness

a. Image. Midshipmen must set and maintain high standards of smartness in uniform appearance. The military image reflected by attention to detail, while wearing the uniform, is a key element in the public image of the U.S. Naval Academy and the Naval service.

b. Cleanliness. Uniforms shall be kept scrupulously clean, with laces, devices, insignia and belt buckles bright and free from tarnish, wear and corrosion. Uniforms will be wrinkle-free.

c. Articles. NO ARTICLES SHALL PROTRUDE FROM OR BE VISIBLE ON THE UNIFORM, including such items as pencils, pens, watch chains, key chain fobs, pins, jewelry, combs, large wallets, cigars, cigarettes, pipes, or similar items (ID Cards, Jewelry, tie clasps, cuff links, shirt studs and earrings shall be worn as prescribed elsewhere in these regulations). Communications devices may be worn as described below.

(1) Communication devices (e.g. cell phones, blackberries, pagers, etc.) are authorized for use and wear while in uniform (to include walking) in the manner prescribed as follows:

(a) Communication devices (or the cover on them) shall be black or neutral tone in color and conservative in design, and shall not distract from the appearance of the uniform.

(b) Only one communication device is authorized for wear and can only be worn on the belt of Working Blue, Summer White and Service Khaki uniforms aft of the elbow.

(c) Wearing of communication devices on Service Dress uniforms is not authorized.

(d) Communication devices will not be visible from the front and worn in such a manner as to impede the normal wear and appearance of the uniform (e.g. sagging, bunching, bulging, protruding etc.).

28 Dec 20

(e) The use of portable communication devices shall not interfere with the rendering of military courtesies and honors nor violate local, state and federal laws.

(f) When not being worn on the uniform and in use, communication devices will be placed at the side of the leg and in the appropriate hand when rendering salutes, greetings and other military courtesies/honors. Talking on a cell phone is not an excuse for failure to salute or render greetings and courtesies.

(g) The use of an earpiece, blue tooth technology, headsets or hands-free device while in uniform indoors or outdoors is prohibited.

(h) The use of blue tooth technology, headsets and other hands-free devices are only allowed in uniform in a vehicle when authorized by local, state and federal law.

(i) Communications devices shall not be worn on the uniform for any outdoor formation, to include football game march-over.

(2) Civilian bags (e.g., computer bags/briefcases, gym bags, garment bags, etc., this does not include women's handbags/purses) may be worn with working and service uniforms as prescribed in the manner below:

(a) Backpacks may be worn over both shoulders or hand carried in the left hand to facilitate saluting while wearing Service Khaki or Working Blue Uniforms. Midshipmen are authorized to wear backpacks with Reefers when worn over Working Blue. Backpacks must be solid black in color. The matching NWU Type III pattern backpack is authorized for wear with the NWU Type III as well as a solid black backpack. No personal ornamentation shall be attached on or to the backpack. Midshipmen are authorized to carry one water bottle or sports drink in the side pocket of the backpack and a white towel attached to the outside of the bag for physical education class.

(b) Computer bag and brief case; may be worn across the left shoulder of service and working uniforms to facilitate saluting. When wearing a bag, the strap may be worn across the left shoulder (fore and aft) with the bag hanging on the same side of the body. The case or bag will not be worn with the strap and bag on opposite sides of the body (diagonally). This also applies to Blue & Gold jogging suits, team warm-ups, and PE gear.

(c) All bags/brief cases worn with the uniform must conceal its content and be either solid black or navy blue in color. There shall be no personal ornamentation attached on or to the bag/brief case.

(d) While in dress uniform (e.g., Service Dress Blues), civilian bags will be hand carried only.

e. Undergarments. Appropriate undergarments shall be worn to preserve the dignity and appearance of the uniform.

f. Tailoring of Uniforms. Uniforms may be tailored to provide a well-fitting, professional military bearing. They shall not be altered to the extent of detracting from the military appearance, nor shall they be tailored to the point of presenting a tight form fit.

3. Care of the Uniform. The longest service of the various uniform articles can be attained only by proper care and maintenance. This information is presented to help prolong the useful life and distinguished appearance of uniforms and equipment. Even new, properly fitted uniforms will not continue to look their best or keep their shape unless they are cared for properly. Carrying large or heavy objects in pockets will destroy the shape of the best uniform. Uniforms shall be stored on hangers. If uniforms are to be stored for a long period of time, they should be cleaned thoroughly, then packed away in an airtight plastic bag with a packet of desiccant (drying agent) for maximum preservation.

5102. PERSONAL APPEARANCE

1. Personal appearance. Because it is impossible to provide examples of every appropriate or unacceptable hairstyle or of “conservative” or “eccentric” grooming and personal appearance, the good judgment of leaders at all levels is key to enforcement of Naval Academy grooming policy. Therefore, hair/grooming/personal appearance while in uniform shall present a neat, professional appearance at all times.

2. Hair

a. Men. Keep hair, neat, clean, and well groomed. Hair above the ears and around the neck shall be tapered from the lower hairline upwards at least $\frac{3}{4}$ inch and outward not greater than $\frac{3}{4}$ inch to blend with hair style. Hair on the back of the neck must not touch the collar. Hair shall be no longer than four inches and may not touch the ears, collar, extend below eyebrows when headgear is removed, show under front edge of headgear, or interfere with properly wearing military headgear. The bulk of the hair shall not exceed approximately two inches. Bulk is defined as the distance that the mass of hair protrudes from the scalp. Hair coloring must look natural and complement the individual. Faddish styles and outrageous multicolored hair are not authorized. The unique quality and texture of curled, kinked, waved, and straight hair are

Enclosure (1)

28 Dec 20

recognized, and in some cases the $\frac{3}{4}$ inch taper at the back of the neck may be difficult to attain. In those cases hair must present a graduated appearance and may combine the taper with a line at the back of the neck. **One** natural, narrow, fore and aft part is authorized (cut, clipped, or shaved). Varying hairstyles, including afro, are permitted if these styles meet the criteria of maximum length and bulk, tapered neck and sides, a graduated appearance from taper at the hairline to the bulk of the hair, and do not interfere with properly wearing military headgear. Plaited or braided hair is not authorized. Keep sideburns neatly trimmed and tailored in the same manner as the haircut. Sideburns shall not extend below a point level with the middle of the ear, shall be even width (not flared) and shall end with a clean-shaven horizontal line. Figure 5-1 refers. "Muttonchops," blocked haircuts, and rounded or square back haircuts are not authorized.

(1) Plebe Summer. On Induction Day, all male Plebes will receive a zero-blade cut and will be required to remain within regulations throughout Plebe Summer. Upon the conclusion of Plebe Summer, Fourth Class Midshipmen will be authorized to comply with the hair regulations below.

----- INDICATES SCALP LINE

Sideburns shall not extend below a point level with the middle of the ear, as indicated by line "A".

Hairstyle properly groomed shall not be greater than approximately 2 inches in bulk. Bulk is the distance that the mass of hair protrudes from the scalp. No individual hair will measure more than 4 inches in length.

Midshipmen are not authorized to wear moustaches unless in a leave status.

Figure 5-1

Enclosure (1)

28 Dec 20

b. Women. This policy applies to female midshipmen while wearing the Navy uniform and when wearing civilian clothes in the performance of duty.

(1) Acceptable Hairstyle Criteria. Hairstyles and haircuts shall present a professional and balanced appearance. Appropriateness of a hairstyle shall be evaluated by its appearance when headgear is worn. All headgear shall fit snugly and comfortably around the largest part of the head without distortion or excessive gaps. Hairstyles will not interfere with the proper wearing of headgear, protective masks or equipment. When headgear is worn, hair shall not show from under the front of the headgear. Hair is not to protrude from the opening in the back of the ball cap, except when wearing a bun or pony tail hairstyles. All buns or ponytails shall be positioned on the back of the head to ensure the proper wearing of all headgear.

(2) Lopsided and extremely asymmetrical hairstyles are not authorized. Angled hairstyles will have no more than a 1-1/2 inch difference between the front and the back length of hair. Layered hairstyles are authorized provided layers present a smooth and graduated appearance.

(3) Hair length, when in uniform, may touch, but not fall below a horizontal line level with the lower edge of the back of the collar. With jumper uniforms, hair may extend a maximum of 1-1/2 inches below the top of the jumper collar. Long hair, including braids, shall be neatly fastened, pinned, or secured to the head. When bangs are worn, they shall not extend below the eyebrows. Hair length shall be sufficient to prevent the scalp from being readily visible (with the exception of documented medical conditions).

(4) Hair bulk (minus the bun) as measured from the scalp will not exceed 2 inches. Figure 5-2 refers. The bulk of the bun shall not exceed 3 inches when measured from the scalp and the diameter of the bun will not extend beyond the width of the back of the head. Loose ends must be tucked in and secured.

(5) Hair, wigs, or hair extensions/pieces must be of a natural hair color (i.e. blonde, brunette, brown, red, gray, or black). Hair extensions/pieces must match the current color of hair. Wigs, hairpieces and extensions shall be of such quality and fit so as to present a natural appearance and conform to the grooming guidelines listed herein. Tints and highlights shall result in natural hair colors and be similar to the current base color of the hair.

(6) Hairstyles. Hairstyles shall not detract from a professional appearance in uniform. Styles with shaved portions of the scalp (other than the neckline), those with designs cut, braided, or parted into the hair, as well as dyed using unnatural colors are not authorized. The unique quality and texture of curled, waved and straight hair are recognized. All hairstyles must minimize scalp exposure. While this list shall not be considered all inclusive, the following hairstyles are authorized:

(a) Three strand braids and two strand braids (also referred to as twists) are authorized. Braided hairstyles shall be conservative and conform to the guidelines listed herein.

(b) Multiple braids. Multiple braids consist of more than 2 braids and encompass the

Enclosure (1)

whole head. When a hairstyle of multiple braids is worn, each braid shall be of uniform dimension, small in diameter (no more than 1/4 inch), and tightly interwoven to present a neat, professional, well-groomed appearance. Foreign material (e.g., beads, decorative items) shall not be braided into the hair. Multiple braids may be worn loose, or may be pulled straight back into a bun, within the guidelines herein.

(c) Two individual braids. One braid worn on each side of the head, uniform in dimension and no more than one inch in diameter. Each braid extends from the front to back of the head near the lower portion of the hair line (i.e., braids are closer to the top of the ear than the top of the head to prevent interference with wearing of headgear). A single French braid may be worn starting near the top of the head and be braided to the end of the hair. The end of the braid must be secured to the head and braid placement shall be down the middle of the back of the head.

(d) Corn rows. Must be in symmetrical fore and aft rows, and must be close to the head, leaving no hair unbraided. They must be no larger than 1/4 inch in diameter and show no more than approximately 1/8 inch of scalp between rows. Corn row ends shall not protrude from the head. Rows must end at the nape of the neck and shall be secured with rubber bands that match the color of the hair. Corn rows may end in a bun conforming to the guidelines listed herein, if hair length permits.

(e) Rolls. Two individual rolls, one on each side of the head, must be near the lower portion of the hair line (i.e., rolls are closer to the top of the ear than the top of the head and will not interfere with wearing of headgear). Rolls must be of uniform dimension and no more than one inch in diameter.

(f) Locks. Lock hairstyle (Locks) for the purpose of Navy Uniform Regulations grooming standards consists of one section of hair that twists from or near the root to the end of the hair and creates a uniform ringlet or cord-like appearance. Locks may be worn in short, medium, and long hair lengths in the following manner:

(1) Locks must continue from the root to the end of the hair in one direction (no zig-zagging, curving, or ending before the end of the lock to dangle as a wisp of loose hair) and should encompass the whole head. Locks partings must be square or rectangle in shape in order to maintain a neat and professional appearance.

(2) Locks can be loose (free-hanging where no hair is added to the lock once it is started other than hair extensions that are attached to natural hair). When worn loose, locks will be spaced no more than three-eighths of an inch apart, diameter/width will not exceed three-eighths of an inch, and locks will be tightly interlaced to present a neat and professional military appearance. Locks may also be worn in a bun provided all hair grooming requirements are met. Faux locks are authorized provided the hairstyle worn is in compliance with female hair grooming requirements. Locks may not be worn in combination with other hair styles (e.g. twists, braids).

Enclosure (1)

28 Dec 20

(3) New growth (defined as hair that naturally grows from the scalp and has not yet been locked) will not exceed one-half inch at any time.

(4) Locks that do not meet the above standards and do not present a neat and professional military appearance will not be worn in uniform. The Commandant of Midshipmen has the ultimate responsibility for determining when hairstyles are eccentric, faddish, or out of standards.

(g) Ponytails. A ponytail is a hairstyle in which the hair on the head is pulled away from the face, gathered and secured at the back of the head with an approved accessory. Hair extending beyond the securing accessory may be braided or allowed to extend naturally. The wear of a single braid, French braid, or a single ponytail are only authorized in Working blues, Service Khaki, and PT uniforms. The following criteria pertain to the wearing of ponytail hairstyles while wearing a U.S. Navy uniform. Ponytail hairstyles will not interfere with the proper wearing of military headwear and equipment nor extend downward more than three inches below the lower edge of the collar (shirt/blouse, jacket or coat) while sitting, standing or walking. Additionally, ponytails will not extend outward more than three inches behind the head as measured from the securing accessory, nor shall the width exceed the width of the back of the head or be visible from the front. In spaces or environments where there are operational hazards such as rotating gear, etc., the hair may not be worn below the bottom of the collar.

(7) Hair Accessories. When hair accessories are worn, they must be consistent with the hair color. A maximum of two small barrettes, similar to hair color, may be used to secure the hair to the head. Bun accessories (used to form the bun), are authorized if completely concealed. Additional hairpins, bobby pins, small rubber bands, or small thin fabric elastic bands may be used to hold hair in place, if necessary. 2. Delivery. Clean laundry will be returned to Company areas in laundry carts, between 1430 and 1630 on the day of delivery, in accordance with the schedule promulgated by the Naval Academy Laundry and Dry Cleaning Facility. White bags will be in carts with a return ticket enclosed; blue bags will hang inside of carts or may be placed on the hanging rack in the company area, with a return ticket pinned to the exterior. A designated midshipman will immediately distribute the laundry to the rooms.

3. Submitting Soiled Laundry

a. Verify Identification on Laundry Bags. Midshipmen are responsible for ensuring that all laundry bags, nets, and other items submitted for laundering are properly marked for identification. All laundry bags and nets are marked, with an indelible marker, on the external cloth strip with the following identifying information:

(1) Last Name

(2) Alpha Code

(3) Company Number*

*If Company number changes, midshipmen are required to change the information on all uniform and laundry items.

c. Remove non-washable items. Remove collar buttons, pens, cuff links, shoulder boards, IDs, uniform buttons and other hardware. Ensure all pockets are empty.

d. Inventory all items and complete laundry ticket. Complete in accordance with the instructions on the ticket. Sort and place the proper items in the proper NETS and BAGS, using the following guidelines:

Enclosure (1)

28 Dec 20

NOTE: DO NOT load **NETS** higher than the external cloth strip. This strip is also the **FILL LINE**. Exceeding this level may result in incompletely dried laundry, which may smell and be badly wrinkled upon return. Multiple nets and bags may be submitted at the same time. Be certain each **BAG** has a ticket.

e. Prepare Personal NET (Women Only). A fine-mesh personal net is provided to women to submit delicate garments, bras with hooks, etc. for laundering. Use of this net is **OPTIONAL**. This net is to be placed inside the **WHITE NET**.

f. Close NETS. Close nets tightly by securing with the affixed safety pin before placing in the White Canvas Bag. The safety pin will be secured no more than 1/4 inch from the top of the net. *Laundry nets are not opened during the laundry process.*

g. Prepare White Canvas BAG. Place all nets, remaining garments and other white bag items, including white works and gray sweats, in the white bag, putting linens in last and tucking these in to keep smaller items from falling out of laundry bag. Be certain to put a completed laundry ticket into bag, retaining the original top copy for reference.

h. Prepare Blue BAG. Place all dress uniforms, accessories, and other blue bag items in the blue bag. Be certain to put a completed laundry ticket into the bag, retaining the original copy for reference.

i. Secure Drawstrings. Secure drawstrings of white canvas BAG and blue BAG so that in handling and transportation items cannot fall out. Do NOT knot drawstrings.

j. Place bag(s) in laundry cart

4. Lost Laundry. Most laundry lost by midshipmen is caused by failure to mark it properly or to pick it up promptly when returned to the deck.

a. Inquiries, Claims, Lost and Found. Claims for lost or damaged items will be submitted within two weeks. This may be done by email (laundry@usna.edu); include ticket number and date, alpha code and company number, or at the service counter at the Fifth Wing Laundry Service Center.

For most items (keys, name tags, etc.), these bags are returned to the Company Mate of the Deck (CMOD) desk in each company area on the regular laundry delivery day. For items such as IDs, credit cards, wallets and currency, the bag will be sent to the Fifth Wing Laundry Service Center for retrieval. An email will be sent advising when the bag is available for pick-up. Identification must be presented at time of pick-up.

d. Laundry Received in Error. If there is an alpha code on the item(s), contact and arrange to pass the item on to its owner. If there is no response, or there is no alpha code, bring the item(s) to the 5th Wing Laundry Service Center for follow up.

4. Fifth Wing Laundry Service Center. The Service Center is an alternate drop off and pick up location for quick turn cleaning orders for dress uniform (blue bag) and limited civilian clothing items and functions as the Facility's customer service desk. It also facilitates limited on-site exchange of linen items that are part of the Brigade Linen Exchange Program (sheets, pillowcases, towels, blankets, and spreads).

2. Locker Stowage. Proper locker stowage should be uniform and in accordance with the following guidelines in Figure 6-P.

a. These stowage procedures are established for rooms with the same number of midshipmen as there are lockers. In the event that a room is occupied by more midshipmen than there are lockers to accommodate them, one midshipman will be required to divide his/her issue between the lockers to maintain the uniform stowage delineated above.

b. The general rule for uniforms is always black to white, left to right, top to bottom. The only exception to this is shoe stowage in the closet. To preserve the white shoes, they should be placed on the top rungs (toes out), followed by the black shoes on the middle rung (toes out), and lastly the sneakers, high-tops, and slippers on the bottom rungs (toes in).

CLOSET STOWAGE DIAGRAM

Note: For storage of all items, dark to light, left to right. For additional person, add up to 2 shelves, to storage side, and split locked storage. Shoes will be on door racks, white to black, top to bottom.
