11 Male Midshipmen  
12 Female Midshipmen  
4 Midshipmen Volunteers

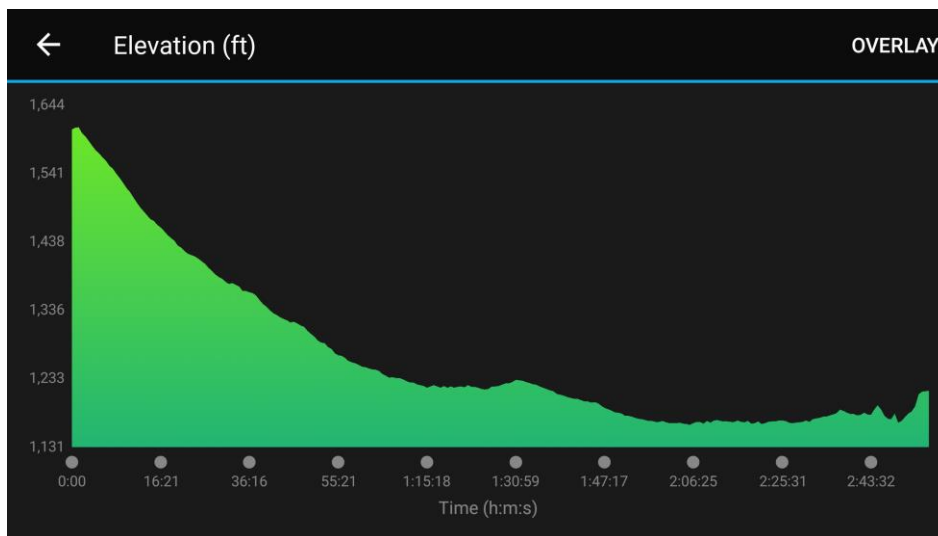

Summary:

This race had 234 finishers. Many members of the Navy Marathon Team participated in the run in preparation for upcoming races such as the Chicago Marathon on October 8 or the Marine Corps Marathon on October 22. The course followed the Northern Central Trail in Freeland, MD with runners finishing at the Ashland Marketplace. The Movement Order began at 0500 at the United States Naval Academy. Racing bibs were picked up and volunteers were dropped off at the finish at 0600. The runners arrived at the start area at 0645 with plenty of time to prepare and get a team picture before the race began at 0800. All members of the team finished running by 1130, and the team enjoyed some time relaxing at the finish before picking up the volunteers from their water station and departing for the yard at 1230. MIDN Niki Roxbury, Anmol Walha, and Maddie O'Neil finished 1st through 3rd in the female 19 and under age category while MIDN August Roberts and Brendan Fish took 1st and 2nd in the male 19 and under age category. In the 20-29 age categories, MIDN Svelta Walsh took 1st on the women's side with a time of 2:37:14, and MIDN Kurt Zepeda, Conor Keating, and Trevor Karn swept the top three places on the men's side. MIDN Michael Wegner had one of the most impressive performances of the day, placing first overall for men with a time of 2:00:29. The Movement Order finished at 1330 when the bus arrived back at the yard.
