

United States Naval Academy Marathon Team

Date: 02 September 2017 (0500 – 1100)

Coach: Nate Nudelman

O-REP: LCDR Casey Rayburg

Event: Charles Street 12 Mile Race

Location: Baltimore, MD

Weather: Approx. 67 degrees, overcast skies with scattered showers

Participants: 30 Midshipmen, 1 Coach, 1 Officer Representative; 2000+ total runners

Race Background:

The Charles Street 12 is a twelve mile race that takes runners through Baltimore's historic district. The race is an annual event, bringing together runners of all backgrounds to compete, socialize, and enjoy their Saturday morning Labor Day Weekend. Beginning in Towson, Maryland, at the Shops at Kenilworth, the course stretches twelve miles spanning north to south as competitors tackle long

straightaways and grueling hills until their journey concludes at Under Armour Headquarters in downtown Baltimore.

On Race Day:

On 2 September, 2017, the United States Naval Academy Marathon Team traveled from USNA to Baltimore to compete in this incredible event. This race was particularly special for the team, as the participant turnout was very high and allowed for the team to travel together to compete. The 2017 Charles St 12 had over 2000 runners participate. After loading onto the bus at 0500, the team departed USNA and arrived at Towson at 0545 where it conducted packet pick-up. At 0715, the team moved to the start line, taking its place at the front of the pack. The air horn sounded, and within two hours the entire team had finished the grueling twelve mile race.
