

U.S. Naval Academy Facts

The School	Founded as the Naval School in 1845, the United States Naval Academy today is a four-year service academy that prepares midshipmen morally, mentally and physically to be professional officers in the naval service.
Location	The Academy is set on 338 acres between the south bank of the Severn River and historic downtown Annapolis, the state capital of Maryland. Annapolis is 33 miles east of Washington, D.C., and 30 miles south of Baltimore, Md.
Campus	The campus is called the Yard and features tree-lined brick walks, French Renaissance and contemporary architecture, and scenic vistas of the Chesapeake Bay. The Bancroft Hall dormitory complex, Chapel, and other century-old buildings make the Academy a National Historic Site. Newer facilities, such as the Wesley Brown Field House, the Uriah P. Levy Center and Jewish Chapel, a multi-purpose Alumni Hall, Rickover Hall engineering complex, Hendrix Oceanography Laboratory, and the Naval Academy Center for Cyber Security Studies in Hopper Hall give the academy state-of-the-art educational and training resources.
Students	Approximately 4,400 men and women, known as midshipmen, represent every state in the U.S., some U.S. territories, and several foreign countries.
Faculty	The nearly 600-member faculty is an integrated group of military and civilian instructors in approximately equal numbers. The student-faculty ratio is 8:1 with most class sizes ranging from 10 to 22 students.
Academics	In addition to a core curriculum of academic and professional courses, majors are offered in 23 subject areas: nine in engineering; ten in science, mathematics and computer science; and four in humanities and social sciences.
Professional	Midshipmen study subjects such as small arms, drill, seamanship and navigation, tactics, naval engineering, naval weapons, leadership, ethics, and military law during the four-year program. In addition, midshipmen train at naval bases and on ships in the fleet each summer.
Athletics	Midshipmen can choose from a total of 36 intercollegiate varsity sports: 19 for men, 14 for women, and three co-ed. Also offered are 15 club sports.
Extracurricular	There are currently 130 exciting extracurricular activities offered in areas ranging from engineering societies to military professional clubs and associations.
Graduation	Bachelor of Science degrees specifying a major field are awarded to midshipmen upon graduation. They receive commissions as ensigns in the U.S. Navy or second lieutenants in the U.S. Marine Corps and serve at least five years of rewarding service as officers.
