

3 Ways to Transfer Funds to Your Midshipman's Account

Member-To-Member Transfer

Make member-to-member fund transfers by using our mobile app,* visiting navyfederal.org or calling 888-842-6328. When you call, have both account numbers and/or your Social Security Number ready.

Not a member? Become one today online, at a branch or over the phone.

Zelle® Transfer

Funds can also be transferred into your Midshipman's account using Zelle®. Here's how to do it in 3 simple steps:

- **Get Started**
Sign in to your Navy Federal Credit Union account and select **Send Money**. If you're on the app, you'll need to tap the **More** button at the bottom first! Then, select **Send Money with Zelle®**. Once you accept the terms and conditions, enter your email address or U.S. mobile phone number to receive a one-time verification code. Enter the code in the appropriate box on the enrollment screen, and you're all set.
- **Add a Recipient**
To add a new recipient, enter the **email address** or **U.S. mobile number** associated with your Midshipman's account.
- **Send Money**
Select the recipient you've just added and then the amount to send. A word of caution: **if any information is incorrect, sending money could result in a loss of funds.** Tap **Send** after you've verified everything is correct.

Wire Transfer

To transfer funds into your Midshipman's account from another financial institution, the following information is needed:

- Name as it appears on the account
- Type of account
- Account number
- Address: Navy Federal Credit Union
820 Follin Lane SE
Vienna, VA 22180
- ABA/Routing Number: 2560-7497-4

There is no fee to receive a wire, although other financial institutions may charge a fee to wire funds.

Remember—you can stop by our local branch for in-person assistance as well!

Navy Federal Credit Union
101 Wilson Road, Bancroft Hall, 3rd Wing
Annapolis, MD
