

STEM Educator Training SET Sail

STEM

Science, Technology, Engineering and Math

Session 1:
July 6-9

Session 2:
July 13-16

United States Naval Academy

INVITING EDUCATORS TO DISCOVER, EXPLORE, AND TEST IDEAS, LEARN HOW SCIENCE AND TECHNOLOGY IMPACT REAL-WORLD RESEARCH AND CHALLENGES

The United States Naval Academy (USNA) STEM Center will host a one-week residential summer STEM workshop for middle and high

school teachers. The focus will be on project-based learning across a broad range of science and engineering topic areas.

“ I have attended many workshops over the years, and [SET Sail] was one of the tops in amount of useful material and ideas covered. ”

- Karen Drake, Vicenza High School

Choice of two sessions.

Session begins Monday (5 PM), ends Thursday (5 PM).

Room and board provided at St. Johns College, a short walk to USNA.

Travel stipends available, from home in USA

A limited number of one week positions are available for returning teachers to serve as mentors.

- Engineering Design
- Applied Math
- Underwater Robotics
- Ocean Engineering
- Materials Properties
- Computer Simulation
- Bioterrorism
- Chemistry & Corrosion
- Applied Physics
- Cryptography & Coding
- ...and more!
