Each report is worth 3% of your project grade.
Complete this progress report with specific details about your work since the last progress report. Do not include previous weeks’ work. Be specific. If your instructor can’t figure out how much code you wrote, or what data you collected, etc., you will receive zero credit. Don’t ramble, simply state what you did. Each report will be scored mostly based on the quantity of work accomplished.

What I accomplished the past week (use bullet points):

Stumbling blocks slowing me down:
